Muskingum County Reading Festival to be held at Colony Square Mall September 26

BY LYNETTE DOTSON | THE BUZZ

The Muskingum County Library System is teaming up with the Muskingum County Literacy Council to bring the 5th Annual Muskingum County Reading Festival to Colony Square Mall (3575 Maple Ave, Zanesville) on Saturday, September 26.

The event was previously held in the summer around the time of the Summer Reading Challenge, but the team at the library wanted to separate the two to extend excitement surrounding literacy into fall.

“So we did change the reading festival date this year. Because it has been so successful that it was, in some ways, getting folks a little bit confused about the difference between the reading festival and summer reading, and we also realized that we have a little bit of a gap in the fall for like a larger literacy type of activity similar to summer reading. So, last year we had the conversations, and that’s when I think we really made the decision that we thought it’d be best to separate the two because we think that summer reading deserves its own time and space,” said Marketing & Community Relations Director Sean Fennell.

The free event will begin at 10 a.m. and will run until 1:00 p.m., although some participating community partners may stay later. There will be so much to see and experience that you will want to come toward the beginning to fit in all the excitement the festival has to offer.

“The partnership with the mall has been a fabulous transition for the Reading Festival. Being that it’s been our second official year there as the Muskingum County Reading Festival, having the space for people to navigate has been perfect. Even after the remodel here, the idea of moving it back just doesn’t make sense. We had over 2,000 people last year that attended, and having them all come through our building would be a challenge. Whereas with the Mall, it’s a lot more accessible,

Gus Macker Basketball Officially Returning To Zanesville July 10-11, 2027

SUBMITTED

It’s official: Gus Macker basketball is coming back to Zanesville.

After more than a year of planning, meetings, community outreach, sponsorship development, and preparation, the Gus Macker 3-on-3 Basketball Tournament will officially return to the Zanesville community on July 10-11, 2027.

The announcement represents a major milestone in an effort that has brought together local businesses, nonprofit organizations, community leaders, healthcare partners, schools, volunteers, and individuals who believed Gus Macker could return to the area.

For Dominique Proctor, Executive Chair of Gus Macker Zanesville, receiving confirmation of the tournament date was an emotional moment after more than a year of work. “I have to give all the glory to Jesus Christ because without Him, I truly do not believe any of this would have happened,” Proctor said. “Before our 4 p.m. meeting, I spent almost an

hour praying. But my prayer wasn’t simply asking God to give me the answer I wanted. I told Him I was ready to hear whatever He had for us, even if the answer wasn’t what I wanted to hear. I had reached a place where I knew I had done everything I could do, and the outcome had to be placed in His hands.”

Proctor said that made what happened next even more emotional. “When we finally heard that our date was good and July 10-11 was ours, the tears came,” Proctor said. “God heard me. He heard the desire of my heart, but I believe He also heard the wants of a city and a community that has rallied around bringing this tournament back. That moment wasn’t just relief. It was gratitude. After all the meetings, phone calls, waiting, uncertainty, prayer, and work, we could finally say that Gus Macker was coming home to Zanesville.”

For Proctor, the journey has reinforced a lesson about faith that extends far beyond basketball.

“Faith isn’t only trusting God when He gives you what you want. It’s being willing to trust Him when you don’t know what He’s going to say. Going into that meeting, I had to be willing to accept either answer. That’s what made hearing ‘yes’ mean so much more. I will always remember sitting there knowing that something we had prayed about and worked toward for more than a year had finally become real.”

The vision for Gus Macker Zanesville extends beyond the basketball courts. Organizers hope the tournament will create a weekend that brings families together, provides opportunities for young people, supports local businesses, welcomes visitors to the area, and showcases what can happen when a community rallies behind a common goal.

“This was never supposed to be about one person,” Proctor said. “There are businesses, organizations, community leaders, committee members, sponsors, volunteers, and people

Overdose Awareness Day Community Event held at Zane Landing Park

BY LYNETTE DOTSON | THE BUZZ

An Overdose Awareness Day Community Event was held on August 31 at Zane Landing Park in observance of International Overdose Awareness Day.

The event is co-hosted by the Zanesville-Muskingum County Health Department, Drug Free Muskingum, and the Mental Health Services Recovery Board. Around 30 agencies participated in the event by having a booth with activities and resources for attendees. A 360 photo booth and DJ added to the fun for this family-friendly event.

Over the past six years, the event has grown, which led to it being held at a different location, Zane Landing Park, this year. Previously, the event was held at the Zanesville-Muskingum County Health Department parking lot, but with the huge amount of support from participating community partners and the growing number of people in attendance, the move to the park was necessary. The plan is to continue to use the park for future Overdose Awareness Day Community Events.

Monica Doan, behavioral health specialist at the Zanesville-Muskingum County Health Department and co-founder of Drug Free Muskingum, says that her personal experience, as well as prevention, awareness, and remembrance for the families, is what drives her to continue to hold the event each year.

“This is my work. This is my life. For 13 years, my family has walked our own journey with substance use and recovery. I have prayed for the safety of my children. I've prayed for their recovery. I've prayed countless times that I would never have to know the pain of losing one of my children to overdose. Two years ago, that kind of loss found its way into my family when I lost my brother Mike,” said Doan.

A banner with the faces of people who were lost to an overdose and are missed by members of our community was on display, as it is each year on Overdose Awareness Day.

banner, Doan explained, “When I look at this banner, I don't just see names. I see someone's child. I see someone's parent. I see brothers and sisters. Someone's best friend. I see birthdays. I see empty chairs at holidays. Memories that still make people laugh. Families who would

give anything for one more conversation. These names are more than just statistics. They are people. They were here. They were loved. And they still matter.”

Muskingum County student among 2026 Foundation for Appalachian Ohio scholarship recipients

Over \$870,000 in scholarships awarded to students across the region

SUBMITTED

The Foundation for Appalachian Ohio (FAO) and its affiliate foundation partners have awarded over \$870,000 in donor-established post-secondary scholarships to students across the 32-county region, including a student from Muskingum County.

James Boyd of Zanesville received the Bob Evans and Wayne White Legacy Scholarship, honoring the legacy and commitment these two friends had to the Appalachian Ohio region. Boyd, a 2026 graduate of John Glenn High School, plans to attend Ohio Northern University.

FAO partners with donors and an advisory committee of volunteers

to award scholarships to students across Appalachian Ohio through a competitive application process.

To date this year, FAO has awarded over 670 postsecondary scholarships to more than 330 students across 25 counties thanks to gifts from residents and friends of Appalachian Ohio who recognize the role education plays in ensuring the region's people and communities can flourish.

A 501(c)(3) public charity, FAO is a regional community foundation serving the 32 counties of Appalachian Ohio. In partnership with 14 geographic affiliate foundations, the nationwide African American Com-

munity Fund and supports across the region and beyond, FAO works to unleash the collective potential within Appalachian Ohio by encouraging and supporting philanthropy. FAO's geographic affiliate partners serve the Nelsonville area and Gallia, Guernsey, Harrison, Highland, Hocking, Jackson, Lawrence, Meigs, Monroe, Morgan, Noble, Perry and Vinton counties.

Make Muskingum Home Announces 2026 Recipient Class

SUBMITTED

The Muskingum County Community Foundation (MCCF), in partnership with the J.W. & M.H. Straker Charitable Foundation, is proud to announce the 2026 recipients of the Make Muskingum Home (MMH) program. This year's cohort includes twelve talented young professionals who have committed to living, working, and engaging in Muskingum County while building their careers and contributing to the community.

Make Muskingum Home is a talent-retention initiative designed to help young professionals establish long-term roots in Muskingum County by reducing the burden of student

loan debt while encouraging local employment, residency, and community involvement. Through the program, recipients may receive up to \$50,000 in student loan repayment assistance over five years in exchange for a commitment to live, work, and actively engage in Muskingum County. Now entering its fifth year, Make Muskingum Home has become one of Muskingum County's most innovative workforce development and talent-retention efforts. The program was created to address a critical challenge facing communities across Ohio and the nation: how to attract and retain educated, talented young professionals who can contribute to the long-term economic and civic vitality of their hometowns. The program's impact continues to grow. Recipients from the first four award cycles represent approximately \$6.3 million in combined annual salaries, demonstrating the economic value of helping talented individuals establish and advance their careers locally. Participants work across a wide range of sectors including education, healthcare, science, business, nonprofit leader-

ship, and public service, contributing their skills and expertise throughout Muskingum County. Beyond the workplace, Muskingum Home recipients are building lives and investing in the community. Program data indicates that more than 25 recipients have become homeowners, while many others actively volunteer, serve on local boards and committees, mentor youth, and contribute their talents to organizations and initiatives throughout the county. "Five years ago, Make Muskingum Home was an idea built around a simple belief—that talented young people should be able to build successful careers and meaningful lives right here in Muskingum County," said Brian Wagner, President and CEO of the Muskingum County Community Foundation. "Today, we are seeing the results of that investment. Recipients are contributing to our workforce, serving their communities, purchasing homes, volunteering, and helping strengthen the future of Muskingum County. Their success stories demonstrate what can happen when a community intentionally invests in its people."

Unlike traditional scholarship programs that focus solely on educational attainment, Make Muskingum Home emphasizes long-term community connection. Recipients commit to living and working in Muskingum County for five years while actively engaging in community life. The result is a growing network of professionals who are helping strengthen local employers, support nonprofit organizations, and contribute to the community's long-term prosperity. The program is funded through a partnership between MCCF, the J.W. & M.H. Straker Charitable Foundation, and generous community supporters who share a vision of a vibrant future fueled by local talent, leadership, and community investment. Applications for the next Make Muskingum Home cycle will open on September 15, 2026, and close on October 31, 2026.

"When you walk into the Reading Festival at the Colony Square Mall, the first thing you're going to be greeted by are some friendly staff members. They're going to give you a bag, and you can carry your stuff around, because you're going to collect a lot of really cool stuff that day. And they will also be giving you a map with a guide where you can see that, and your raffle ticket for a grand prize that will go in for everyone to be drawn throughout the day. And then you can use that bag to just kind of go around and collect all of the fun crafts and the giveaways. The variety of organizations and authors and businesses will be there sharing really wonderful community resources for folks," explained Fennell. Cosplay is encouraged! Dress as your favorite literary character to share your passion for reading and add to the fun. Speaking of cosplay, the Columbus Ghostbusters will be attending, and there will be special appearances by Elephant & Piggie (11:00 - 11:30), Bluey (12:00 - 12:30), BARD the Bunny, and Hoobert. Special storytimes are planned

 A writers' workshop offering writing process tips, publishing guidance, and marketing suggestions will be held from 10:30 - 11:30 AM, featuring authors Elizabeth Garvey, Anne Chlovechok, and Greg Blair. Leaping Lizards, Fetch Remedy Dogs, The Wilds, The Animal Shelter, and the Genesis Hospice Clowns are among the partners who are expected to attend. "A huge part of what makes this festival so successful, we understand that the more we partner with people in our community, the more people invest in us and want to show up and be a part of things, and so this is definitely a strength of ours, because we work towards it. We recognize the power and importance of our partners," explained Fennell. "We expect that a lot of our vendors are going to be bringing little

The bookmobile will also be parked outside the entrance, offering another opportunity for those who have not had a chance to see it to take a look at one of the ways MCLS makes the library accessible to all.

"An important part of our mission is connecting people with information, ideas, and each other, and I can't think of an event that better embodies that specific part of our mission," said Fennell. For further information, visit muskingumlibrary.org or facebook.com/MuskingumLib.

Deputy Gearhart recognized for his heroism

A local hero, Deputy Brad Gearhart was recognized during Superintendent Kirk Henderson's opening remarks, which opened Tri-Valley's annual staff breakfast on Monday, August 24. On May 7, 2026, while serving on the Tri-Valley campus, Deputy Gearhart responded to a distress call reporting a residential fire. The home consumed by flames belonged to school employee Jody Pape and her husband Mark. Arriving first to the scene, he entered the burning home and rescued the Papes. After exiting the Pape residence, he heard about a second emergency involving an Adamsville Fire Truck that had rolled over while on their way to the house fire. Without hesitation, Gearhart proceeded to help the two trapped firefighters involved in the crash. He was able to render aid while additional units were en route and waited for them to arrive. "Deputy Gearhart's willingness to repeatedly place himself in harm's way or cease the standard call of duty in his actions reflect the absolute highest virtues of law enforce-

ment and serve as an inspired example to our entire community. Due to the appreciation of his selflessness, extraordinary courage, and steadfast commitment to our students, staff, and residents of Muskingum County, we honor Deputy Gearhart with these brave actions and proudly present him with this flag of accomplishment," said Henderson. The flag that was presented to Deputy Gearhart says, "In recognition of your exceptional courage and decisive action in the line of duty, your bravery, professionalism, and unbreakable laboring dedication to protect others exemplifies the high standards of law enforcement and served as an inspiration to the Tri-Valley Local School District and the entire Tri-Valley community."

Sergeant Bradley J. Harper Veterans Memorial Field dedicated on Military Appreciation Night at Jack Anderson Stadium

A special ceremony honoring area military personnel was held before the first home game of the 2026 Tri-Valley football season. As part of Military Night, the football field was dedicated to honor the lives of U.S. Marine Sergeant Bradley J. Harper, U.S. Marine Sergeant John Eugene Mattingly, Army First Lieutenant Sharon Ann Lane, and all U.S. military veterans who have served our country. Sergeant Bradley J. Harper Veterans Memorial Field is a reminder, within the confines of Jack Anderson Stadium, of our local heroes who sacrificed for our freedom and safety.

Tri-Valley High School and West

Point graduate Annie Brock, who is currently serving in the United States Army as a military intelligence officer, was in attendance and said a few words.

“I never could have imagined that one day I would have the privilege of standing here for a moment as meaningful as this one. Today is about much more than a name on a football field. Today is about honoring a legacy and recognizing the sacrifice of those who have given everything so that we can live in freedom,” said Brock. “This isn’t just a football field. This is where young people learn what it means to be a part of something bigger than themselves.

This is where they learn discipline, teamwork, sacrifice, leadership, and commitment. And those are the same values that define Brad Harper. Brad’s family has been such an important part of this community for generations, and I hope that today serves as a reminder that this community stands behind him. To Brad’s family, we cannot take away the loss you’ve experienced. We cannot repay the sacrifices that Brad made, and we certainly cannot put into words what his life meant to the people who knew and loved him. But we can make sure his name never fades from this community.”

Genesis HealthCare System Takes Steps to Protect Local Careas Insurance Denials Increase

Contracts with four insurers will end Jan. 1, 2027, unless fair agreements are reached.

SUBMITTED

Genesis HealthCare System has notified Aetna, UnitedHealthcare, Medical Mutual of Ohio (all three for their Medicare Advantage plans) and CareSource (for both Medicare Advantage and Medicaid) that it will end current contracts on Jan. 1, 2027, unless fair, new terms are reached. The decision follows two years of increasing denials and payment take-backs for care that Genesis doctors determined patients needed and Genesis provided. Commercial employer-sponsored insurance for working families is not affected. This also does not affect any traditional Supplemental Medicare/Medigap plans.

For patients, nothing changes today. Coverage remains the same through Dec. 31, 2026. Patients should keep their appointments, seek care when they need it and come to the emergency department in an emergency.

“This was not our first choice but was our last resort. We had to take this action because we believe the behaviors of these insurance com-

panies are so harmful to patients, doctors and our community’s hospital,” said Matthew Perry, President & Chief Executive Officer of Genesis HealthCare System. “Patients should be able to count on their insurance company to cover the care their doctors determine they need. If they will, we will gladly renew our contracts.”

Genesis is contesting 9,000 active denials of coverage for care already provided, resulting in millions of dollars in losses. Genesis believes many of these practices are inconsistent with federal Medicare rules for how care must be covered. Because Genesis does not send patients surprise bills for amounts it believes insurance companies are responsible for paying, those unpaid costs affect Genesis’ ability to continue providing the doctors, nurses, team members and local services the community depends on for high-quality care close to home.

If new agreements are not reached, these plans will be out-of-network at Genesis for non-emergency care

beginning Jan. 1, 2027. Emergency care is always covered at an in-network rate, and patients should never hesitate to seek emergency care.

What patients can do:

- Medicare: Medicare’s Annual Enrollment Period runs Oct. 15 through Dec. 7. Genesis will host free community sessions, publish a plain-language guide and answer questions through the Patient Financial Advocate Hotline at 740-454-4335. Genesis cannot recommend or choose a plan for patients, but it will provide clear information and help patients find trusted, unbiased support.
- Medicaid: Patients with Medicaid have the right to change insurance companies. If Genesis is out-of-network with CareSource on Jan. 1, 2027, patients can change their plan by visiting www.ohiomh.com or calling the Ohio Medicaid Consumer Hotline at 800-324-8680 (TTY 711).

Genesis promises to patients:

- Genesis will share what it knows when it knows it, in plain language as discussions continue.
- Genesis will not send patients a surprise bill for amounts it believes their insurance company is responsible for paying. To make that promise work, Genesis may need patients’ help during the process, including responding promptly to insurance questions, appeal requests, forms or information needed to protect patients’ coverage and help Genesis pursue payment from insurance companies.
- Genesis will help patients appeal against wrongful insurance denials at no charge.
- Genesis will keep serving the community with compassion, excellence, integrity, teamwork and innovation.

Patients can learn more, get help and stay informed at genesishcs.org/protecting-our-mission or by calling the Patient Financial Advocate Hotline at 740-454-4335.

Preparing for Holiday Spending Before the Holidays Arrive

BY ALEXUS MASTERSON, MPH, FAMILY & CONSUMER SCIENCES EDUCATOR OHIO STATE UNIVERSITY EXTENSION, MUSKINGUM COUNTY

While the holiday season may seem months away, August is an ideal time to begin planning for holiday expenses. Taking small financial steps now can help families avoid last-minute stress, reduce reliance on credit cards, and enjoy the holidays within their budget. Start by estimating your anticipated holiday expenses. Consider gifts, travel, decorations, food, charitable donations, and special events. Creating a spending plan allows you to identify how much money you may need and how much you can realistically set aside each month.

A dedicated holiday savings fund can make a significant difference. Even saving a small amount each week can add up over time. Consider setting up an automatic transfer to a savings account to make saving easier and more consistent. Some banks may offer a unique savings account called a “Christmas Club” that you can deposit money into every week to help you save. It can also be helpful to review your current budget and identify areas where spending can be reduced temporarily. Simple changes, such as limiting impulse purchases or dining out less often, may free up funds for future holiday expenses. Make a plan that best fits your families’ lifestyles and goals for saving.

Finally, remember that meaningful celebrations do not have to be expensive. Homemade gifts, family traditions, and experiences often create lasting memories without straining finances. Find something that you enjoy making and share it with others. I plan on gifting jams I canned this summer, and some items made with my sewing machine! Planning ahead provides greater financial flexibility and peace of mind. By starting now, families can focus more on enjoying the holiday season and less on worrying about the bills that follow.

The Dawes Arboretum broke ground at future welcome center site

BY LYNETTE DOTSON | THE BUZZ

A large group photo with many of the people who have been involved in the planning of the new welcome center was taken during the ground breaking ceremony. A drone photographer was taking a photo from the sky as everyone waved. Lynette Dotson

A groundbreaking ceremony was held for a new welcome center for The Dawes Arboretum on August 21. The \$17 million project puts accessibility and sustainability at the forefront. It will serve as the centralized place for greeting guests, and it will be a place to provide information for visitors, members, and donors.

“The Visitor Center that we have now is not adequate to serve the community that we want to bring in. We don’t have great ADA accessibility. We don’t have great facilities as far as amenities with restrooms. So, in trying to make this a more inclusive, exceptional, accessible site, we decided right here, looking over this vista would be the greatest place to be able to do this and to share those views with the entire community,” said Stephanie Crockatt, executive director for The Dawes Arboretum.

The plans to build the new visitor center began a decade ago. Over that time, about three different iterations of what the building could look like were considered before deciding on the current and final design.

So about 10 years ago, they started on plans. They’ve gone through probably three different iterations of what the building could look like.”

“We finally decided on one that is much more agrarian. So it looks more like a prairie-style building, which we think fits better. Taking the lead from the Visitor Center that’s there now, you barely notice it, really. It fits so well within the landscape,” explained Crockatt.

The welcome center will be approximately 29,000 square feet and will boast a cafe, indoor and outdoor seating areas, a larger gift shop, exhibit spaces, and three times the

number of restrooms the current visitor center has.

“We’re also working toward it being SITES Accredited for landscape, which means that we will be putting in a lot of bioswales for water retention and water runoff. So, just keeping true to our mission on conservation, the building will be sited and then presented as a true ecological amenity,” Crockatt said.

Crockatt said the first machines will start to move in late September to begin construction. The building is expected to be completed within 20 months, with a ribbon cutting to follow. Estimated completion is spring of 2028.

“We have started surgically removing just a few trees. We have been harvesting what we can to actually turn into furniture. So we want to be as sustainable as possible,” stated Crockatt.

The current Visitors Center will become a Discovery Center offering educational and programming opportunities.

“We have staff that have been here for over 30 years. So this is very meaningful to them. The entire staff contributed to the capital campaign to have the building erected. So they’re all sharing in this. And I think it’s inspirational. It’s motivating. And they want to be able to provide more customer service and all of the good things that a proper welcome center would be able to do,” stated Crockatt.

This project was fully funded by The Arboretum’s endowment, trustees, and staff.

More information and progress updates can be viewed at dawesarb.org/welcome-center.

David Brillhart Honored with Julius S. and Joette Greenstein Award

SUBMITTED

Submitted

The Ohio State University at Newark Dean and Director Matt Smith, PhD, and Central Ohio Technical College (COTC) President John M. Berry, PhD, presented the prestigious Julius S. and Joette Greenstein Award to David Brillhart.

The Greenstein Award is given annually to a staff member, faculty member or administrator of COTC and/or Ohio State Newark. Its recipients are honored for their efforts, attitude, deeds and behaviors toward perpetuating a genuine spirit of mutual respect and cooperation between the two institutions.

Brillhart, vice president of business and finance at COTC and senior fiscal officer at Ohio State Newark, received the award during a board reception on Aug. 19. Throughout his almost 30 years at Newark, “David has served as the financial lifeline for both institutions, consistently demonstrating an unwavering commitment to balanced, collaborative stewardship,” said Amy White, the campus’s director of accounting and one of the people who nominated Brillhart for the award.

More than a lifeline, Brillhart’s colleagues claim he has helped bring the cost-shared partnership to life. He designed a framework that includes multiple shared budgets to support the partnership. He maneuvered financial challenges during the pandemic with effective forward thinking. He’s a trusted administrator who makes each decision with a dual-institution approach. “The cost-shared agreement is more than a document under David’s care,” said Jackie Parrill, EdD, COTC’s vice president and both institutions’ chief of staff. “It’s a living model of collaboration that he has helped shape, strengthen and sustain.”

He’s also helping to usher in Ohio State’s Regional Campus Commitment, through which eligible students who begin their Buckeye career on a regional campus can get their degree tuition-free. Also an architect of COTC’s Promise programs, Brillhart helped bolster the existing Knox and Coshocton Promise programs while implementing the new Licking County Promise earlier this

year. Such initiatives allow qualifying students in each of those counties to receive free tuition to COTC. “These efforts have strengthened access and opportunity across the entire campus community,” said Faith Phillips, the campus’s director of student financial services. “It’s a great example of how David sees the bigger picture and works toward solutions that benefit both institutions.”

Jessica Mautz, director of financial planning and analysis on the Newark campus, stated plainly her perspective on Brillhart’s role in developing these life-changing initiatives. “Without his leadership,” she said, “I’m not sure they would have come to fruition.”

That leadership has helped maintain this campus’s cooperative essence through institutional changes, administrative transitions and operational complexities. Brillhart’s receiving this honor is a fitting recognition of that hard work. Just ask Phillips: “David Brillhart is exactly the kind of person this award is meant to recognize.”

Morgan Raiders boys’ soccer team on the road to New Lexington Tuesday

BY MATTHEW DOTSON | THE BUZZ

Vs River View (9/1)

Hosting the River View Black Bears on Tuesday, the Raiders were unable to hold back a full offensive attack by the visitors, who landed two goals in the first half. Morgan answered back with one goal of their own, but they were not able to tie up the score before halftime.

After the intermission, neither team managed a score, and the Raiders fell to the Black Bears 2 – 1.

Aaron Baker had the only goal for the Raiders. Hayden Wiseman had 19 saves in goal for Morgan.

The Raiders will head to New Lexington, Tuesday, September 8th, to play at 7:30 PM.

Vs. Coshocton (8/27)

At Stewart Field in Coshocton County, the Redskins took an early 2 – 0 lead in the first half of the match.

Back on the field, Coshocton found the net again, but Morgan answered back with a goal, but still dropped to the Redskins 3 – 1.

Aaron Baker scored the goal for the Raiders. Hayden Wiseman had 14 saves in goal for Morgan.

Vs. Warren (8/25)

The Warren Warriors came to McConnelsville on Tuesday to face the Raiders. The Warriors blasted forward to a 2 – 0 lead in the first half despite strong efforts by the Raiders offense.

The second half of the game was much like the first, with the Warriors dominating the field and landing two more goals, while shutting out the Raiders offense for a 4 – 0 win.

Stetson Cunningham and Hayden Wiseman had a combined 15 saves in goal for the Raiders.

Vs. Morgan (9/1)

On the road in McConnelsville on Tuesday, the Black Bears started off the game against the Raiders, taking a 2 – 1 lead before the end of the first half.

After the break, both defenses were on point as they held off any further scoring, giving River View the 2 – 1 win.

For River View, freshman Cooper Alverson had a goal, and freshman Deonte Brown had a goal; sopho-

more Jax Lowe assisted on both goals in the win.

Easton Wesley had six saves in goal for River View.

River View will face Tri-Valley at home on Tuesday, September 8th at 7 PM.

Vs. Alexander (8/29)

In Warsaw on Thursday, the Alexander Spartans took the field, but they couldn’t hold back the Black Bears offense completely as Kasen Sum-

mers hit a goal with help from Logan Wilson to lead 1 – 0 before halftime, a score they carried through the game for the win.

Easton Wesley had a massive 11 saves in goal, contributing to the Black Bears’ win.

Vs. Sheridan (8/25)

The Black Bears were hopeful in the matchup with the visiting Sheridan Generals after last season’s 2-1 win. Despite a hard-fought battle

by the Warsaw team, they fell in the end 4 – 3 to Sheridan.

Cameron Murphy had all three goals for the Black Bears, with an assist on one by Levi Fox.

Zyler Leigh was in goal for River View and had five saves in the game.

Meadowbrook battling to get their season on the right track

BY MATTHEW DOTSON | THE BUZZ

Meadowbrook quarterback Kale Guller finds an opening for a pass.  Matthew Dotson

Vs. Barnesville (8/28)

The Shamrocks made their way to Byesville on Friday to face the Colts at Eugene Capers Field. Meadowbrook started the game off with a bang as they grabbed a fumble and ran it for a 105-yard touchdown to lead 7 – 0. Minutes later, Barnesville's Trey Toliver punched in a 2-yard rushing touchdown, but the extra point was missed, and they still trailed the Colts 7 – 6. Toliver stepped up a few minutes later to land another touchdown for the Shamrocks, and followed it with a two-point conversion for a 14 – 7 lead to end the first quarter. Meadowbrook came back in the second quarter with a 9-yard passing touchdown to tie up the game 14 – 14. Barnesville capitalized on a drive for a short touchdown and added another two-point conversion to regain the lead, 22- 14. Just before half-time, Toliver took a 30-yard rush over the goal line for a score but missed the conversion, still taking a 28 – 14 advantage to the break.

Toliver repeated his play before the half to gain another 30-yard touchdown to bring Barnesville's lead to

34 – 14 over Meadowbrook. When the dust settled, the Shamrocks took home a 47 – 14 win over Byesville.

Meadowbrook will head to Cambridge on Friday, September 4th to face the Bobcats at 7 PM.

Vs. Tri-Valley (8/21)

On Friday in Dresden, the Meadowbrook Colts faced off against the Scotties. In a frenzy after the kickoff, Tri-Valley grabbed a fumble by the Colts near the goal line and turned it into a touchdown on the next play. The Colts answered back with a long-yardage touchdown in what would be a Tri-Valley 16 – 6 lead in the first few minutes of the game, eventually growing to a 19 – 6 half-time lead by the Dawgs.

Meadowbrook clawed their way to another touchdown, still behind 27 – 14 in the third quarter and eventually falling to the Scotties 56 – 22.

WHO IS THE BUZZ?

A LOOK AT MUSKINGUM COUNTY'S FREE NEWSPAPER

The Buzz was established in 2018 after a long-standing local newspaper in the village of Dresden closed. With a background in publishing, Owner and Editor, Lynette Dotson, decided to get to work developing a community-focused newspaper spreading positive news, promoting events, and featuring local athletes. Along with the help and support of her husband, Matthew, and two kids, the journey to bring an independent newspaper to life began.

As The Buzz's five-year anniversary approached, an organization from the other side of Muskingum County reached out and asked for coverage of a major milestone in their history. Originally, no one else wanted to pick up the story, and during that same time, it was not uncommon to hear that people wanted more local news coverage in print. So, at that time, the decision was made to massively increase efforts at The Buzz to expand the coverage and distribution area so all of Muskingum County would be included.

It is our mission to produce a high-quality free newspaper that matches or exceeds the community's expectations while still being fully accessible in print and online to all people - no pay walls - no fees - and not filled with more ads than content.

THE AARON BURR CONSPIRACY

September 9

John McIntire Library

(220 N 5th St., Zanesville)

6PM - 7PM

We hope you join us for an evening of intrigue, politics, and frontier drama as historian Dr. James Lewis explores one of the most debated mysteries of the early American republic: the Aaron Burr Conspiracy. In 1806–1807, former Vice President Aaron Burr became the center of a national scandal involving rumors of western secession, private military expeditions, and an alleged plot to carve out an independent empire in the Mississippi Valley. His arrest and treason trial captivated the nation and tested the limits of presidential power, constitutional law, and public trust. Dr. Lewis will unpack the events, personalities, and political tensions that shaped the conspiracy, while also highlighting the important role the Muskingum region played in the unfolding drama. This program offers a compelling look at how local history intersects with national crisis during the formative years of the United States. About the Speaker Dr. James Lewis is a professor of history at Kalamazoo College and a leading scholar of early American political culture. His research and writing focus on the early republic, the frontier, and the complex forces that shaped the young nation. His engaging presentation style brings clarity and insight to one of America's most enduring historical puzzles.

PROUD PRESENTING SPONSOR FOR THE 180th Muskingum County Fair

What a week for the Muskingum County Fair. There was so much worth celebrating—months of hard work finally on display, proud families in the barns, livestock shows, sales, friendships and another year of a tradition that means so much to our community.

And then came the unexpected. When flooding disrupted fair week, these kids and the people surrounding them showed exactly what they're made of. Animals were cared for. Barns were cleaned. Plans changed. Parents, advisors, volunteers and neighbors pitched in wherever they were needed. And the fair kept moving forward.

That's what Built for the Barn has been about from the beginning. Not just what happens inside the barn, but what's built there: responsibility, resilience, work ethic, kindness and community.

To our 4-H members, families, advisors, volunteers, fair board and everyone who supported these kids throughout an unforgettable week—thank you.

We're proud to be part of a community that shows up for one another, especially when it matters most.

Tri-Valley football heads to Clinton-Massie, aiming for a non-conference win over Falcons

BY MATTHEW DOTSON | THE BUZZ

Vs. Granville (8/28)
The Scotties hosted the Granville Blue Aces on Friday in Dresden. The Aces got the jump on Tri-Valley with a touchdown in the first quarter while holding the Dawgs at bay to lead 7 – 0 at the end of the period. In the second quarter, Granville hit a 70-yard passing touchdown to double their score to 14- 0. Before halftime, the Blue Aces scored a rushing touchdown to increase their lead to 21 – 0. Tri-Valley stepped up next to punch in a rushing touchdown to get on the board but still trailed 21 – 7 after the extra point. Before the buzzer for halftime, Granville pumped out a 45-yard field goal to build Tri-Valley’s

disadvantage to 24 – 7.
After the intermission, the third quarter was a stalemate, with both teams battling for field position that didn’t result in an additional score. Shortly into the fourth quarter, Tri-Valley hit a Pick 6 to narrow the gap to 24 – 14 after the PAT. In the final minutes, Tri-Valley completed a 60-yard pass for a touchdown to come within three points at 24 – 21. Unfortunately, there wasn’t enough time left on the clock to mount a final push for points, and Granville walked away with the win.
The Scotties will travel to Clarksville on Friday to face the Clinton-Massie Falcons. Kickoff is set for 7 PM.

Vs. Meadowbrook (8/21)
The Scotties hosted the Meadowbrook Colts Friday night on the newly dedicated Bradley J. Harper Veterans Memorial Field. The game started with a flurry of touchdown activity, resulting in a Tri-Valley 16 – 6 lead in just under five minutes on the field. The Scotties kicked their lead up to 19 – 6 just before the halftime break.
On the field at the resumption of the game, Meadowbrook worked hard to bounce back, but held steady at a 13-point deficit, with TV leading 27 – 14 with minutes left in the third quarter. Both teams kept pushing forward in the final period, but ultimately,

the Colts could not eclipse the Scotties, who kept the target in motion, building an eventual 56 – 22 victory for their season/home-opener.

Panthers football pump out running-clock win over Lancers in Week 1

BY MATTHEW DOTSON | THE BUZZ

Wide receiver Keaton Bryan takes the ball downfield for the Panthers.  Matthew Dotson

Vs. Lakewood (8/28)

The Panthers hosted the Lancers on Friday at the Mac. Maysville was ready for the visitors as they completely took over the field and punched out a huge 19 – 0 lead by the end of the first quarter. The pace didn’t slow in the second quarter as the Panthers continued to build on their advantage, making a 40 – 0 margin by halftime with a running clock.

Pressed for time in the second half of the game, Maysville was still able to stymie the Lancers’ offense and

continue their climb with two more touchdowns in the massive 53 – 0 victory.

Leading the Panthers’ offense, quarterback Sawyer Bailey completed 10 of 13 passes for 210 yards and three touchdowns; he added 100 rushing yards and two more touchdowns to that tally. Keaton Bryan caught four passes for 141 yards and two touchdowns and had a 58-yard and 68-yard reception. Brody Smith had a 31-yard touchdown reception. John Harper scored two rushing touchdowns, with Kage Dan-

ison scoring a 25-yard rushing touchdown.

The Panthers had four interceptions in the game, with Bryan adding two and K Brooks with another.

Maysville will storm the field at West Muskingum Friday, September 4th; kickoff is at 7 PM.

Vs. Zanesville (8/21)

Friday night at Sulsberger Stadium, the Maysville Panthers met up with the Blue Devils, hoping for a big win to start their season off on the right foot. Zanesville had different

plans, as they worked on what they practiced and got the game started in the right direction early on, taking a 16 – 7 lead by halftime after a 5-yard touchdown run and a two-point conversion by Kason Hazlett.

The second half did not give the Panthers time to recover the ground they had lost, and they fell to Zanesville by a final score of 30 – 13.

For the Panthers, quarterback Sawyer Bailey had a rushing touchdown, and Keaton Bryan carried a punt return for their second and final touchdown of the game.

Philo girls soccer team at 1 – 1 in conference play split on games against John Glenn and Tri-Valley

BY MATTHEW DOTSON | THE BUZZ

Senior Hannah Foster kicks a foul against Tri-Valley.  Matthew Dotson

Vs. Tri-Valley (9/2)

On the Road in Dresden Wednesday, the Lady Electrics met up with Tri-Valley. Fourteen seconds into the game, the Scotties’ Caydee Shoenleben got the first goal. Shoenleben added a second goal with an assist by Priya Moore. As the half went on, Gabbi Matz scored for the Lady Dawgs with help from Sophia Durfee. Philo’s Kylie Stockdale and Emily Stockdale each had a goal in the first half, but they trailed Tri-Valley 3 – 2 at halftime.

Back on the field, Philo closed the gap with a goal by Aubrey Trout, and they tried to hold onto the 3 – 3 score as long as they could while hoping to get the go-ahead goal, but the Scotties beat the Electrics to the goal with a shot by Priya Moore, assisted by Caydee Shoenleben, to win the match 4 – 3.

For Philo, Riley Trout and Paige Stockdale had a combined 10 saves in the goal. Klara Drummonds had five saves for Tri-Valley.

On Thursday night, the Philo Electrics hosted John Glenn in Duncan Falls. Layken Cochran started off scoring for the Lil’ Muskies allowing them the 1 – 0 lead that they held all

the way to the halftime break.

The rest helped Philo get perspective on the match, and when they stepped back on the field, they let it be known that it was their field, dominating possession of the ball and pumping out the tying goal, followed by four more goals to take a 5 – 1 victory over their visitors.

Scoring for the Electrics was Emily Stockdale with three goals and an assist, Kylie Stockdale with a goal and an assist, Riley Trout with a goal and an assist, Aubree Trout with an assist, and Tawny Gottke with an assist.

Paige Stockdale had six saves in the goal for Philo.

Vs. Fairfield Union (8/22)

When the Falcons flew into town on Saturday, they were able to get past the Lady Electrics for a 2 – 0 win. Despite Philo trying to get to the net, they were blocked both times by Fairfield Union’s sophomore Sadie Schultz, who had the two saves attributed to her stats.

For the Falcons, senior Maddi Mitchell had a goal, junior Bailey Osborn had a goal, and Alexis Bennit had an assist.

OHSAA Awards \$198,000 in Scholarships, Sends More Than \$1M to Schools

District Athletic Boards select Scholar-Athlete scholarship recipients; OHSAA sends \$1,250 to each high school

The Ohio High School Athletic Association and its six District Athletic Boards have awarded \$198,000 to recent high school graduates as part of the OHSAA's Scholar-Athlete Scholarship Program.

In addition, the OHSAA has sent \$1,250 to each member high school, a grand total of \$1,020,000, to assist with items needed by each school's athletic department. The money comes from the OHSAA's Athletic Enrichment Fund, which was established in 2023 for the purpose of providing a financial contribution to each member high school's athletic department to assist with costs of equipment, uniforms, game transportation, officials and improving student sportsmanship and adult fan behavior.

This past summer, a total of 198 graduating seniors were selected by their respective District Athletic Boards to receive a \$1,000 award. Over the past three years, the OHSAA has distributed \$598,000 to graduating seniors through its college scholarship program. The \$200,000 awarded in both 2024 and 2025 marked the highest totals in the 32-year history of the program.

"These scholar-athletes represent the very best of education-based athletics," said OHSAA Executive Director Doug Ute. "Our District Athletic Boards, Board of Directors and OHSAA staff collectively share a great deal of pride in the college scholarship program. We congratulate each of the recipients on all their accomplishments and wish them well as they work toward their educational and career goals."

Scholar-Athlete Selection Process

Scholar-athlete recipients are selected based on a point system which rewards students for: grade-point averages, class rank, community service activities, varsity letters earned, and individual and team athletic honors. The number of scholarship recipients from each district is based upon the number of schools within the district. The recipients were selected by special committees within each of the OHSAA's six athletic districts. Individuals who receive athletic scholarships from NCAA Division I or II institutions or appointees to military academies are not eligible for an award.

Visit us after Storytime! And don't forget to bring your young and old, to dress up as their favorite characters!

Ashonda Cabrel, LISW

You Can Say No
Hometown: Zanesville, OH
Genre: Children's Non-Fiction, Social-Emotional Learning / Personal Safety & Body Autonomy
You Can Say No empowers children to understand that they are in charge of their own bodies and have the right to say "no" when something feels uncomfortable or unsafe — even when the person is an adult. Through age-appropriate scenarios, the book teaches body autonomy, personal boundaries, self-advocacy, and the importance of seeking help from trusted adults. This story was created from both my professional experience as a social worker and my personal "why" for entering this field: helping children feel seen, heard, supported, and empowered to use their voices.

When the town's art gallery co-owner forgets his satchel at the library after his presentation, Marvey offers to return it to his office the next morning. But once she arrives, Marvey finds the co-owner murdered. Seconds later, sheriff's deputies appear and Marvey's cataloged under a cloud of suspicion. With evidence being planted against her, Marvey must prove her innocence. To do that, she'll have to find the real killer—who may be hiding under a fake name.
